

WashU Epigenome Browser - Bug # 119

Status:	Closed	Priority:	Normal
Author:	Daofeng Li	Category:	
Created:	12/06/2013	Assignee:	
Updated:	01/31/2014	Due date:	
Subject:	fixdscale and track height problem in json hub		
Description			
<ul style="list-style-type: none">- I am working with Hyungjoo for his hub- url: http://remc.wustl.edu/hyungjoo/hub_danRer7/hub_Zv9_DNAme.json- problems:<ul style="list-style-type: none">- fixdscale not working- track height of native_track seems not working- track order reversed (compare with the order in the hub file)			

History

#1 - 12/06/2013 07:00 am - Xin Zhou

tracks with "group:1" attribute all share a common scale range and the range is automatic. You cannot apply fixed scale to grouped track. Please don't use "group" as it is experimental.

I will try to fix the other issues later.

#2 - 12/20/2013 07:27 am - Xin Zhou

- Status changed from New to Resolved

Remaining issues fixed in v30.4.1

- native track height configuration
- track order in the hub

#3 - 01/31/2014 08:41 am - Daofeng Li

- Status changed from Resolved to Closed
