Subject:	Error rendering RRBS track		

Description

http://epgg-test.wustl.edu/browser/?genome=hg19&hmtk=GSM621347

this shows a RRBS track. navigate to centromere region and the browser halts.

the error happens on Y scale rendering. because there's no data (no CpG sites) in most centromere regions the Y min/max is un-specified.

The Y scale rendering code was not able to handle NULL values
