

WashU Epigenome Browser - Bug # 85

Status:	Closed	Priority:	Normal
Author:	Daofeng Li	Category:	
Created:	10/29/2013	Assignee:	
Updated:	10/31/2013	Due date:	
Subject:	rmsk track configuration not available for subfamily tracks		
Description			
<ul style="list-style-type: none">- the new display was not configurable for subfamily tracks- see screenshot- (might be not a bug?)			

History

#1 - 10/31/2013 08:51 am - Xin Zhou

- Status changed from New to Resolved

fixed on test

in fact they are family-tracks, not subfamilies. Their parent tracks are TE classes.

the bug was because the wrong track name in track2Style_rmsk

TE family tracks are supposed to be named as [class][family]

but in track2Style_rmsk table they were mistaken as [family][class] and led to that bug

#2 - 10/31/2013 09:35 am - Daofeng Li

- Status changed from Resolved to Closed

Fixed
